## Conference Workshops

For each workshop section, participants will have the opportunity to choose one workshop. Please see the workshop abstract for more information about these presentations.

### Session A
**Wednesday 15.10 - 16.10**

- **From the Cot to the Corner**
  - Speaker: Jackie Vasey, Aileen Sharp, University Of Huddersfield

- **Changing Scenario Intensity to Promote Learning**
  - Speaker: Sandra Batcheler, Bristol Royal Hospital for Children

- **A Systematic Review**
  - Speaker: Karen Currell, University of Huddersfield

- **Student Midwives Experiences of OSCEs for Developing Emergency Skills**
  - Speaker: Jayne Samples and Julie Parkin, University of Huddersfield

- **Embedding Dementia Education in an Australian Undergraduate Curriculum**
  - Speaker: Kay Crookes, University of Wollongong, Australia

- **Medical Emergencies in the Dental Setting – Raising Standards Through Blended Learning**
  - Speaker: Michael Lowery, Anthony Haswell, Alan Mighell, University of Leeds

**Simulation: Re-creating Reality – The Learners’ Stories**

### Session B
**Wednesday 16.20 - 17.20**

- **Paediatric Assessment Recognition and Stabilisation**
  - Speaker: Linda Daniel, Yorkshire and Humber Critical Care Network

- **Simulation and Clinical Skills Child Health Forum**
  - Speaker: Kathryn Sunners, Canterbury Christ Church University

- **Play the Games a Play on Nurse Education**
  - Speaker: Bronwyn Roberts and students, University of Huddersfield

- **Integrating Case Studies into the Curriculum**
  - Speaker: Roy Brown, Patrick Crookes, University of Wollongong, Australia

- **Be Real! Creating Realism in Simulation**
  - Speaker: Leslie Benson, Yvonne Jarvis, University of Glamorgan

**Simulation: Re-creating Reality – The Learners’ Stories**

### Session C
**Thursday 11.15 - 12.15**

- **Simulation not for Dummies**
  - Speaker: Michelle Chappell, Carl Covill, University of Huddersfield

- **Simulation not for Dummies**
  - Speaker: Dr. Karen Ousey, University of Huddersfield

- **Learning Transfer in Simulation**
  - Speaker: Dr. Marilyn Lee, Vicki Elfrink, University of Alabama, USA

- **Use of Simulated Practice to Promote Clinical Decision Making**
  - Speaker: Sheila Reynolds, Worcestershire Acute Hospitals NHS Trust/University of Gloucestershire

- **Integrating METIman and Muse**
  - Speaker: UK METI team

**Simulation: Re-creating Reality – The Learners’ Stories**

### Session D
**Thursday 13.15 - 14.15**

- **Demonstration of METIman and Muse**
  - Speaker: UK METI team

- **The Role of the Clinical Skills Technician**
  - Speaker: Tracy Clayton, University of Huddersfield

- **Using Mann in Mental Health and Learning Disability Nursing**
  - Speaker: Steve Hemingway, University of Huddersfield

- **HCAs Are VIPs**
  - Speaker: Kelly Turkhud, Monteagu Clinical Simulation Centre

**Simulation: Re-creating Reality – The Learners’ Stories**

---

**FOURTH ANNUAL**

**UK Simulation in Nursing Education Conference**

**JUNE 9-10, 2010**
Welcome to the Fourth Annual UK Simulation in Nursing Education Conference, Simulation: Re-creating Reality – The Learners’ Stories.

The two-day nursing event is designed to enhance the knowledge and understanding of how to integrate simulation into nursing education. Hosted by the University of Huddersfield and METI, this year’s conference will feature keynote speakers from around the world, hands-on workshops, research presentations and a poster session. It’s an excellent opportunity to network with medical simulation experts and discover the latest trends in nursing education. On behalf of the Conference Organising Committee we hope you enjoy the conference!

**Conference Schedule**

(CW = Canal Side West Building; HW = Harold Wilson Building)

**Poster Sessions**

*Canal Side West Building, Room G1/2 – 13.35 to 14.35 (Session D), Thursday*

**Teaching Advanced Assessment Skills Using Simulation**

The Theatre of High-Fidelity Simulation Education

Leah Green, University of Salford

Integrating Simulation into Professional Nurse Education

Alan Winterton, Royal United Hospital Bath NHS Trust

(*Poster presenters to be present by poster area at 14.30 – 15.40 on June 9th, 11.15 – 11.30 on June 10th prior to the 10 minute Oral Presentation in Session D)*

**Demonstration Times:**

Wednesday, 17.30 – Quayside Building

**UK SIMULATION IN NURSING EDUCATION**

**Conference Speakers**

**Professor Patrick Cookeys**

Dean of the Faculty of Health and Behavioural Sciences, University of Wollongong. Professor Cookeys has been a nurse educator, researcher and research supervisor for over 20 years; the last 15 of which have been in Universities in Australia and the UK (Sydney, Sheffield and Wollongong). As well as holding university-based leadership positions, Patrick is currently the Chair of the Council of Deans of Nursing and Midwifery ANZ. He is currently leading work on the development of a nationally agreed clinical assessment tool for use by all pre-registration nursing programmes in Australia. He is also heavily involved in plans for a National Core Curriculum in Clinical Simulation. He is also exploring the possibilities of setting up an international Clinical Simulation Collaborative, along with Professor Sue Bernhauser of the University of Huddersfield, amongst others.

**Angela Hope**

Senior Lecturer in Adult Nursing at the University of Huddersfield with an added remit as Practice and Skills Coordinator for the last two years. Angela is extremely active in Simulation and Clinical Skills regions, having a seat on the executive board and the steering group of the Yorkshire and Humberside Clinical Skills Network. She is currently undertaking Doctorate studies, which will hopefully be completed next year, exploring the added stimuli in Simulation Angela is also currently conducting a phased research programme around Simulation on behalf of the University.

**Maggi Savin-Baden**

Director of the Learning Innovation Group, Coventry University. Maggi Savin-Baden was educated at The University of Brunel and The University of London and has worked in both pre and post 1992 universities in the UK over the course of her career. Now Director of the Learning Innovation Group at Coventry University she is leading a team of researchers, PhD students and innovators. Over the last 20 years she has pioneered work on the use of problem-based learning nationally and internationally and continues to stimulate debate in this area. She has published numerous books on problem-based learning, education and research.

**Michael E. Bernstein**

President, METI. Mike brings over 20 years of successful leadership experience in the healthcare and technology industries. Before joining METI, Bernstein was President and Chief Executive Officer of Innovative Health Strategies, President and Chief Operating Officer of Cobalt Corporation (Blue Cross and Blue Shield of Wisconsin), and Executive Vice President of the University of Wisconsin Medical Foundation, an 850 physician academic group practice, the largest Group Practice in Wisconsin and one of the ten largest in the country. Bernstein has a J.D. from the University of the Pacific, McGeorge School of Law and a B.A. from the University of California, Davis.

**Thomas J. Doyle**

Vice President of Education and Training and Chief Learning Officer, METI. Tom has over 28 years experience as a registered nurse, hospital administrator and nurse educator at all levels of education. He spent five years as Coordinator of the Patient Simulation Program at one of the first colleges in the U.S. to purchase the Human Patient Simulator. As Vice President and Chief Learning Officer of Education and Training for METI, he facilitates a team of educators around the world to assist customers in applying METI’s technology for learning.

**Sue Bernhauser**

Dean of Human and Health Sciences at the University of Huddersfield. Sue has been the Dean at the University of Huddersfield for four years and prior to this was both the Associate Dean of the Faculty of Health and the Head of Nursing and Midwifery at the University of Brighton. She is a Nurse by profession with a history of educational innovation and has played a significant role in many of the major reviews of Nurse Education within the last 20 years. As Chair of Council of Deans, she works closely with the Department of Health on professional and workforce issues, she is a member of the Next Stage Review Nursing and Midwifery Advisory Committee, the Higher Education National Strategic Engagement Committee (HENSEC) and is on the Universities UK Health and Social Policy Committee. She is also a member of the Royal College of Nursing and the Higher Education Academy. She is the UK representative, and founder member, on the Global Alliance of Nurse Education and Scholarship (GANES).

**Andrew Bland**

Registered General Nurse, University of the London and London South Bank University. He followed an acute/critical care career working in Accident and Emergency, Coronary Care & Intensive Care. In 1999 he worked as a Lecturer/Praactitioner in partnership with the University of Huddersfield and a local Accident and Emergency Department. Since becoming a full time Senior Lecturer in 2002, Andrew teaches Acute and Critical Care to both undergraduate and postgraduate specialist practitioners. Andrew has been involved in developing the teaching and assessing strategies that utilise simulation and the equipment and facilities that promote this way of learning and is currently undertaking a PhD by publication on how nursing students learn through simulation.
