This is the final programme.

MAKING FUTURES III - PROGRAMME: (FINAL VERSION, SEPTEMBER 2013) WEDNESDAY 25TH SEPTEMBER 2013

WEDNESDAY REGISTRATION

To reduce congestion on Thursday morning, delegates arriving in Plymouth on Wednesday afternoon/early evening are invited to drop into Plymouth College of Art (PCA) to register and collect their conference packs between 3:00PM and 7:30PM. PCA is approximately 10 minutes' walk from the rail station and less than five minutes' walk from Jury's Inn Hotel.

EXHIBITIONS

Making Futures are pleased to announce three concurrent exhibitions organised in relation to the conference:

PROCESS PLACE PEOPLE

The main conference exhibition, '*Process, Place, People*' is held at The Gallery, PCA, and features work by the international designer-maker Gareth Neal. Gareth is perhaps best known for the digitally cut furniture forms he produces, but this show focuses upon another dimension of his work that is critical to his identity as a creative producer: his investigations of sustainable practice, including his exploration of the 'bodging' tradition, often working with and responding to (sometimes found) materials within specific locales. A Private View will be held for all *Making Futures* delegates arriving in Plymouth on Wednesday 25th. The PV atmosphere will be informal and delegates are invited to drop in according to time and interest.

LIFECYCLES OF MATERIAL WORLDS

A smaller foyer exhibition is held at Plymouth City Museum & Art Gallery (PCMAG), just two minutes' walk from PCA. Curated by ex-PCA MA student Elaine Dye, it features five makers whose work engages with *Making Futures* themes: Claire Crompton, Tracey Falvey, Magie Hollingworth, Helen Round, and Mirjana Smith. '*Lifecycles of Material Worlds*' is supported by PCMAG, and the Research, Practice & Scholarship Committee of PCA.

AUTONOMATIC @ MAKING FUTURES

Autonomic (Falmouth University) will contribute to our exploration of the craft/digital fabrication relationship through a small 'demonstrator-show' at the Mount Edgcumbe conference site, consisting of films, artefacts and samples, and the '*Digital Story Book*' project that enables users to interweave narrative around an object of their choice.
