## Strategic Aim A7

**‘To produce employable  
and enterprising graduates’**

# Placement Take Up Trends

- UK wide trend for decrease in sandwich placement take up since 1990s
- Why?
  - The research base is inconclusive
  - More students living at home?
  - Greater financial pressure?
  - Peer Pressure?

# Previous Research

In our 2005 survey students who did placements tended to get:

- Better degrees
- Better jobs
- Better salaries

**But** we can not link this directly and say this is solely because of placements.

# Previous Research

Placement tutors often say that students come back:

- More mature
- Ready to learn
- Improved context for academic learning
- More determined to do well and get a good job
