Why Podcasts?
University of Huddersfield

Strategic Aim A7

‘To produce employable and enterprising graduates’
Placement Take Up Trends

• UK wide trend for decrease in sandwich placement take up since 1990s

• Why?
  – The research base is inconclusive
  – More students living at home?
  – Greater financial pressure?
  – Peer Pressure?
Previous Research

In our 2005 survey students who did placements tended to get:

– Better degrees
– Better jobs
– Better salaries

But we can not link this directly and say this is solely because of placements.
Previous Research

Placement tutors often say that students come back:

- More mature
- Ready to learn
- Improved context for academic learning
- More determined to do well and get a good job
