New pedagogies and new resources in qualitative research teaching

Graham R Gibbs
University of Huddersfield

Re-energising undergraduate research methods pedagogy in education
18th June 2013 Liverpool Hope University

Teaching qualitative research methods

- Apprenticeship model
- Dark art of data gathering and analysis
- Now large number of students to be taught

By Repro. of painting by (Louis-?)Emile Adan (1839-1937), copyrighted by Braun & Co., N.Y.
[Public domain or Public domain], via Wikimedia Commons

Outline

- Data sets and linked teaching resources
- Online resources for qualitative research
- Video resources for qualitative research
- Issues about video use and production

Data sets for qualitative data analysis

- Qualidata
- TQRMUL- Teaching Qualitative Research Methods at Undergraduate Level in Psychology
 - http://www.heacademy.ac.uk/resources/detail/subjects/psychology/TQRMUL_Resources

Qualidata

- Now part of the UK Data Service
 - Making in much harder to find things! ('Discover' search tool)
- Teaching Resources include:
 - [Exploring diverse interview types](#)

[Exploring non-interview methods](#)

[Re-using qualitative data - The Last Refuge](#)

e.g. Interview types

- Semi structured interviews – interview schedule

Study Title: Cross-Generational Investigation of the Making of Heterosexual Relationships, 1912-2003

Interview Schedule INVITE EXAMPLES IN EACH CASE.

ASK HOW GRAND/PARENTS/CHILDREN VIEWED THEIR DECISIONS /ACTIONS IN PARTICULAR INSTANCES.

1. How did you find out about 'sex'/periods etc? Do you think that boys/girls were treated differently?

PROBE AROUND SOURCES OF SEXUAL KNOWLEDGE

2. When did you first notice/become 'interested' in boys/girls?

3. What was/is courtship like for people of your generation? What do/did you get up to?

(ACTIVITIES: CINEMA, MEALS, OUTINGS, CLUBS, DANCING, HOLIDAYS, SEX?)

4. How did you know when you'd found what you thought was the 'right one'? What was 'right' about them?

5. The first time you slept together/were intimate together, was it a) what you expected? b) what your partner expected?

(Was this on your wedding night or some other time or place?)

PROBE AROUND LOCATIONS (IF EXPERIENCED WITH MORE THAN ONE PARTNER)

6. Do/did you find yourself comparing other partners to your 'true love'? How have earlier or subsequent partners compared with this person sexually, emotionally etc?

Etc.

Data Sets

- Pioneers of Qualitative Research
 - Includes interviews with researchers (e.g. Colin Bell, Mildred Blaxter, Stan Cohen, Mary Douglas, Janet Finch, Ramond Firth, David Lockwook, Dennis Marsden, Anne Oakley, Meg Stacey) their data sets and teaching materials.
- Qualitative thematic guides
 - Shortcuts to selected data sets
- How to guides
 - Including e.g. Analysing health data using ESDS Qualidata Online: binge drinking - a new phenomenon? (Video)
- The full Qualidata data sets (use Discover)

TQRMUL Data Set

- http://www.heacademy.ac.uk/resources/detail/subjects/psychology/Shazias_Interview

An extensive User Guide has been created which provides suggested teaching and learning activities to use in conjunction with the data compiled, together with two separate transcriptions for each interview:

1. Jeffersonian transcript (Shazia)
2. Playscript transcript (Shazia)

Videos

Download the video: Shazia - part 1 (size: 18.2 MB, duration: 15.10 minutes)

Notes:

 Bourdieu, P. (1977) *Outline of a Theory of Practice*. Translated by Richard Nice Cambridge: Cambridge University Press
 Bourdieu, P. (1991) *Language and Symbolic Power*. Translated by Gino Raymond and Matthew Adamson Oxford: Polity Press
 Bourdieu, P. (1998) *Masculine Domination*. Translated by Richard Nice Stanford: Stanford University Press
 Bourdieu, P. (2000) *Pascalian Meditations*. Translated by Richard Nice Cambridge and Maldon, MA: Polity Press
 Bourdieu, P. (2004) *The Logic of Practice*. Translated by Richard Nice Cambridge: Cambridge University Press

**REQUALLO**
Getting started and the theory of Bourdieu
Authors of this page: [Graham R. Gibbs](#)
Affiliation: [University of Huddersfield](#)
Date written: 6th May 2012

Learning outcomes

1. Understand how personal experience and understanding of the relevant literature can help define a research topic.
2. Understand how theoretical ideas from Bourdieu can be used to illuminate the area of entrepreneurship education that Sally was investigating..

Sally first got interested in this topic after starting an Ed.D. She used concepts from the French sociologist Pierre Bourdieu to explore themes related to the impact of gender on the teaching and learning of enterprise in HE and its associated influence on women's desire for, or confidence in, putting this knowledge into practice. She explored the interaction of habitus, capital and field as a theoretical framework.

Part 1 looks at how she got interested in the field and how she used Bourdieu's ideas to understand what she found.

Entrepreneurship, education, Bourdieu. 1: Start...

CAQDAS networking project
Computer Assisted Qualitative Data Analysis

WHAT IS THE CAQDAS NETWORKING PROJECT?

Practical support, training and information in the use of a range of software programs designed to assist qualitative data analysis. Platforms for debate concerning the methodological and epistemological issues arising from the use of such software packages. Research into methodological applications of CAQDAS.

See [Events Calendar](#) to view forthcoming events and to book a place.

We have no commercial links to any software developer or supplier. We can therefore provide independent advice about software.

See more about our [history](#), [remit](#), [mission](#) and [research](#).

COLLABORATIONS

We work closely with a number of other projects in order to provide the best possible set of resources and training events possible. These include [Day Courses in Social Research](#), the [South East Doctoral Training Centre](#), the [Online QDA](#) and [REQUALLO](#) websites and the [NCRM](#).

Day Courses in Social Research

We work in close partnership with the Day Courses programme also located within the Sociology Department at the University of Surrey who administer most of our training and capacity-building events.

South East Doctoral Training Centre (SEDTC)

Through our connection with SEDTC we are able to offer very good value fees for our training events for doctoral students. Rates depend on discipline and institution.

FORTHCOMING EVENTS

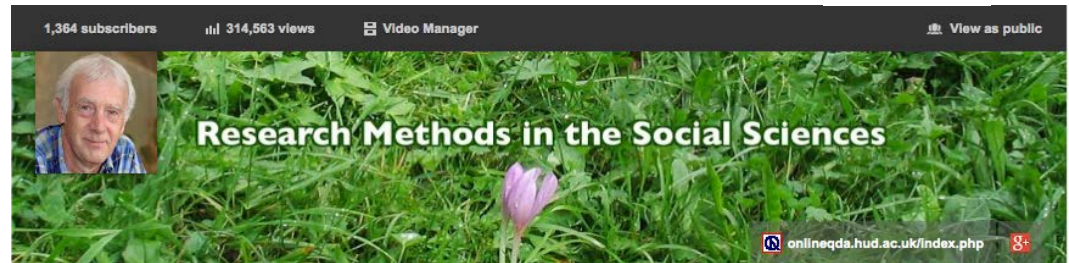

26 Jun	NVivo Intermediate / Advanced workshop »
3 Jul	1 day Atlas.ti Intermediate/Advanced Workshop »
10 Jul	Introduction to Qualitative Data Analysis »
17 Jul	NVivo Training Workshop »
7 Sep	Open Day »

- Mainly research oriented.
- Some videos and other materials aimed at postgrad students.
- E.g. Research Methods Festival Keynotes
 - Gillian Rose: “[Now you see it, now you don't - visual culture and visual methods](#)”

Video resources on qualitative methods

- Good resources now on **YouTube**

- My Channel
 - E.g. lecture capture on GTM
 - E.g. how to do a research interview
- Anthropology/ethnography
 - See esp. Alan MacFarlane's channel (Ayabaya)
- Other resources e.g. Kathy Charmaz

Where third party resources have come from

Resource	%
YouTube:	50
Your Libraries' digital resources (such as e-Books):	44

Open access repository (such as OpenLearn):	8
iTunesU:	8
Box of Broadcasts:	8
Flickr:	4
Other (incl. own developed resources):	3
BUFVC:	1
MOOC / opencourseware (such as edShare):	0

Lots of use
of available
digital
resources

2013
survey.
N=115

Issues 1 - Selection

- How to find resources
 - Reason why YouTube popular
- Need to watch all the way through and make judgement
 - Accuracy
 - Approach/philosophy
- Are data sets/topics used suitable?
 - Students like to have data they can relate to or relevant to their discipline.
- Production quality
 - Good sound needed
 - Is the speaker too chatty/amateurish etc.

Issues 2 – Pedagogic Use

- In class lecture
 - Can show only parts
 - Can pause and explain, excuse, etc.
- Use in guided independent study
 - Probably best if linked with lab instructions, used when needed, i.e. when doing assessment
 - Listen on mobile device while doing chores??
- Use in labs
 - Needs headphones to stop noise for others

Student views of videos

- Find use in lectures good. Can follow and then practice in following lab.
- Use less frequently outside sessions
- Like ability to pause and replay
- Some preferred to use textbook and reading material
- Prefer handwriting worked examples on screen to prepared PowerPoints

Issues 3 - Creating videos

Range of technologies:

- Camera, mic and digital editing suite
- Camtasia screen recording
- Flash/HTML 5
- Screen writing (with stylus and tablet) (Kahn University style) <http://youtu.be/J1twbrHel3o?t=35s>
- iPad solutions (include recording and screen writing)

Video Production – Skills needed

- Films skills – camera, sound, editing
- Interviewing (asking right questions etc.)
 - Needs subject experts
- Scripting – converting video into learning object
 - Needs subject experts
 - Work with editor

Making it accessible

- Short videos good
- Use screen writing – students like this
- Use graphics, visual devices etc.
- Sound quality – more impt. than picture
- Visual quality – depends. Needs good quality for text. HD can look more professional
- Visual aesthetics (composition, lighting etc.)
- Licensing – find free to use music etc.
- Copyright – Not at all clear, but now use the CC licence.

Towards a pedagogy of the visual

- **Makes** the **abstract concrete**
 - As a metaphor (charts, tables)
 - By demonstration on screen
- Demonstrates **process**
 - Transformation, calculation, decision making
 - Change be shown by visual changes
- **Time:**
 - So changes can be seen, manipulated, repeated, paused
 - Provides space/time for absorption.

Conclusions

- Resources, there's a lot out there
- Videos good and getting better
- Real data sets and real resources available
- **But**
 - Needs time and effort to select (same as selecting text books)
 - needs new pedagogic approaches (to incorporate into curriculum)
