Re: the largest model of DNA, ID. 208628

Please find enclosed the following pieces of evidence:

- The signed agreement
- World record attempt booklet. This document explains the background to the record and how we built our model (numbered 5).

We have also attached the following pieces of evidence:

- Three authentication letters (numbered 1)
- Newspaper articles (numbered 2.1)
- Internet articles (numbered 2.2)
- Raw video footage on DV cassette (numbered 3.1)
- A edited film on DVD (numbered 3.2)
- A time lapsed video on video cassette (numbered 3.3)
- Digital photographs (numbered 4)

The record was attempted on the 13 March 2008 at the University of Huddersfield.

Kind Regards

Dr Jeremy Hopwood
